Lunch/door prizes @ Noon. Demonstrations begin @ 1pm. Hands on activities continue after demonstrations. We need: **Volunteers**, help with or provide an activity or demonstration. NEW 3D ARCHERY TARGETS

We have purchased 20 like-new 3D archery targets from the IBO. The targets were used at a one day National Event and cost the club only a third of their original price! To help pay for the targets the club is offering Target Sponsorship. Donations of any amount would be greatly appreciated, but if you donate \$100 a sign with your name, business ad, dedication etc will be displayed with a target at all archery events for the life of the target. The next Archery event (and probably the last one for this year) will be September 17th 9:00am - 2:00pm. \$8.00 members \$10.00 non-members.

VARMINT SHOOT

Another Varmint Match has been scheduled for Sunday, October 8th at 10am (weather permitting). September's match included eggs and paint balls. It was a great time shooting at something that blew up when you hit it!! Winners of two of the

matches donated their winnings to the 400 yd range fund... and one of them isn't even a club member! *We appreciate the support!*

TOP GUN MATCH - SOMERSET, KY

Venturing to the Top Gun Match in Kentucky on Sept. 2nd, members Mike & Patti Criswell, Bob Olson and Denny Tubbs shot chicken eggs from 100 to 400 yards. It was a first for three of them and while no prizes were won it was a great learning experience. They had lots to say about the camaraderie of those who attended. Below is Bob who produced the best score of the group with eight of ten eggs.

RIFLE TEAM

Team practice begins in November with matches running through April. If you're interested in 3 position 22 team matches contact Mike or Patti at 740-528-2544 or mrcriswell@marion.net

DONATIONS

Once again we have made a donation of \$100 to the Boy Scouts of America. While the Club doesn't have much to donate, donating to the Boy Scouts may have started with the founders of the Club and has continued. The Club has also donated about 30 trees to the Richwood Fair Board. The Board was in need of pine trees for a demonstration and repair of a building. The Club has allowed them to come in and remove about 30 trees from the area where the 400 yard range is planned.
